ONE DAY REMAINS FOR DONATIONS

Hospital Committee Makes Earnest Appeal For Contributions.

WANT $11,000 MORE.

Curtain Will Drop on Campaign Tomorrow Night —No Alexandrian Should be an Outsider in Work.

The hospital fund needs something in the neighborhood of $11,000 to raise the $50,000, which will place our old city up with the world in the hospital line.

Everyone cannot be expected to give large amounts, but many small amounts make a great deal. For example, a trifle dropped into a tin bank each day would enable the donor to give a dollar each month for ten months which means that the sacrifice of a cigar,glass of soda, saucer of ice cream, or a cream soda, or picture show occasionaly, would enable one to contribute ten dollars towards the hospital fund. While it is true that ten dollars isn't a very great part of $10,000, still 1,000 $10 contributions turns the trick. Of course it is not likely that any such number of contributions will be made in this sum, though quite a number are able to give $25, $50 or $100, and some $500 or a thousand. In this list the railroads are not included, as they doubtless will liberally do their duty in this matter, as they are the most interested contributors that are connected with the community, for when they have an emergency case they need a hospital like a Texan needs his pistol.

There is now no doubt that a fine hospital will be built and equipped and there is scarcely any doubt that the fifty thousand dollars will ultimately be secured but a much larger amount could be used to advantage in building and equipping the hospital, and certainly every citizen in Alexandria should desire to be a contributor.

Every person, of all creeds, colors, nativities and conditions are cared for in the Alexandria hospital and everyone who can belonging to either one of these classes should enroll as a part and parcel of this great work. Let all do the best they can, none can do more.

Tomorrow night the curtain drops, and no matter what the deficit the city of Alexandria has every reason to be proud of its accomplishment and feel very grateful to its citizens, neighbors and old friends who have made it possible to accomplish the results obtained, and not enough praise can be accorded the noble women of our city and their aides, the children in our schools and fraternities and it would be unjust not to add that the thanks of every one is due to the energetic committees for the work which they have done so successfully.

Before the curtain is run down get your subscription in so as to be enrolled among the hospital contributors.

Among the contributors today it will be noticed that Mr Edmund J. Burke, of Boston, sent in $50.00 and the colored Odd Fellows of Alexandria from an entertainment contributed $40.55. Another Alexandria industry has come to the front with $100, the Alexandria Glass Works donating that amount.

H. R. Norton, of Washington, City, now running the abattoir in Alexandria county, sent in a contribution of $100.00 through Mr. French.

The Lady Board of Managers this morning sent in contributions totaling of $419.35, of which is cash.

To reach the sum of $35,000 only $1,885.12 is required and if some liberal citizen would send in their check for the amount it would be highly appreciated.

SLOW PROGRESS OF MEDIATION

Conference at Niagara Falls May be Months Perfecting Plans.

CARRANZA'S STAND.

Many Claims of Foreign Governments May be Adjusted After Government Is Set up in Mexico.

Washington, May 29—Although the Niagara Falls mediators are confident they will be able to reconcile all Mexican factions, it was said to be very evident today that it will take many months to work out the entire solution.

Though all factions can reach an agreement on a provisional government, there are many problems that are certain to cause trouble.. Chief of these are claims for damages and reparation for foreigners slain.

Great Britain, it is admitted, has not dropped the Benton case, and there are a number of other instances where foreigners were slain in which responsibility has not yet been fixed. China, Japan, England, Germany and France are already prepared to file enormous claims for damages to property of subjects and the question of whether proposed new government will assume responsibility will result in lengthy diplomatic correspondence.

The State Department is withholding information regarding the position taken by the constitutionalists on mediation. It is likely, however, that an announcement will be forthcoming on this point from the mediators themselves in the near future. The Carranizstas have admitted they would not oppose the naming of certain individuals to conduct a temporary government at Mexico City.

REBELS KILL 35 WOMEN

Camp Followers Lose Lives With 300 Federal Soldiers at Paredon.

Armagos, Coauhila, May 29.—Thirty-five women camp followers lost their lives with 300 federal soldiers in the battle of Paredon, it has been learned. Fifty-seven officers were executed after the battle.

Reports of the execution of General Munoz, a nephew of Ex-President Profirio Diaz General Orosono and nine colonels, which was at first denied, now seem well established The men shot, it is said reiterated their loyalty to the Huerta government and rather than violate their oath of allegiance, gave their lives. Twelve members of a federal military band also were shot ,although this was done by Constitutionalist soldiers without sanction of their officers.

As if to show that no harm had been meant the soldiers, after a stop had been put to the carnage, asked the remaining seven members of the band to give a concert,a request which was promptly met.

Later, at Hipolio, the seven remaining musicians were sent to fraternize with the very men who had killed their comrades.

This is the only instance in which enlisted men were executed.

General Alvarez, one of the Federal commanders, met his death in an unusual manner. After defeat had become certain, he managed to crawl into a water tank on the train. A soldier who had shot and pursued him was severely wounded by the Federal officer. The latter was killed when two hand grenades were thrown into the tank.

Another federal officer, Colonel Ernest Iano Hernandez, shot himself through the head.

General Guardiolo, though wounded, escaped

Those federals who were wounded were taken in charge by Villa's hospital corps and are still alive Among them is a lieutenant colonel several majors and captains In the past such officers have not been spared .

AGREEMENT REACHED.

Cases Concerning The Emerson Steam Pump Company Consolidated.

An agreement has been reached between the attorneys, bond-holders and creditors of the Emerson Steam Pump Co. by which the legal mix-up caused by the appointment of two rival sets of receivers for the company by the two courts of Alexandria is to be satisfactorily arranged. Harry B. Caton, one of the receivers named by Judge J. B. T. Thornton in the circuit court, is to retained as one of the new receivers, and Howard W. Smith named by Judge L. C. Barley in the corporation court will be the second receiver.

The adjustment of the case was reached this morning when Judge J. B. T. Thornton came from Manassas to close the May term of the circuit court.

When the suit of Orrin G. Staples, of Washington against the pump company was filed in the circuit court Judge Thornton named Harry B. Caton and Samuel H. Lunt receivers. A few days later a second petition for a receiver was filed in the corporation court by Rudolph Eckleff of Washington, representing some minority bondholders, and Judge L. C. Barley appointed Howard W. Smith, of this city, and Lawrence Hufty, of Washington as receivers.

The cases are now to be consolidated and filed in the corporation court. The degree of reference to H. Noel Garner, as special commissioner, is to stand.

EX-LIEUT. BECKER IS SENTENCED

Condemned Man Turns to Friends in New York Court and Smiles.

5 MINUTES WITH WIFE.

An Appeal Will be Filed Monday—Stay of Execution Will Follow—Will Live a Year Longer.

New York, May 29.—Charles Becker was today sentenced to die in the electric chair at Sing Sing prison during the week beginning July 6, for the murder of Herman Rosenthal.

When he received the sentence Becker appeared calm. He even turned to friends in the court room and smiled.

The prisoner was taken to the sheriff's office and allowed five minutes with his wife. Prior to the sentencing, Martin P. Manton, Becker's lawyer, cited ten reasons why death sentence should not be pronounced.

He said that an appeal would be filed next Monday. This will act as a stay of execution, and a year may elapse before the Court of appeals hands down its decision.

Becker was taken to Sing Sing by automobile in the custody of six deputy sheriffs.

SUES FOR SALARY.

HELD FOR THE COUNTY

Brass Bonds Removed From Rails of W. & O. D. Ry. at Bluemont Junction.

R. B. Wayland was arrested yesterday afternoon on the charge of stealing brass bonds from the Washington and Old Dominion Railway Company. The brass was disposed of to a junk dealer in this city.

Wayland was brought before the Police Court this morning when the testimony showed that the bonds had been removed from the tracks of the company at Bluemont Junction, and that the value of the metal was about $25.

Wayland in making his statement alleged that he purchased the brass from a colored boy. When asked to give the name of the negro, he said he did not know him.

Justice Caton held the accused for the action of the authorities of Alexandria county.

William Phillips was in the dock to answer the charge of stealing iron from the same company. He was found with the iron in his possession. The accused alleged he found the iron. He was sent to jail for three months.

NEWS OF THE DAY

By rising from Lake Keuka, under its own power yesterday at Hammondsport, N. Y., Langley's famous old aeroplane demonstrated its ability to do more than its gifted designer expected of it. Not only did the pontoons and attendants weighing original machine fly, it also carried some 200 pounds beyond Dr. Langley's calculations. The machine was the original Langley machine and not a duplicate. No changes have been made beyond replacing the old cloth with new and substituting new ribs in the wings in place of those broken when the machine was thrown into the Potomac eleven years ago.

The first car of Georgia peaches for the nineteen-fourteen season is speeding on its way to New York city in a special train over the Southern Railway. The Georgia crop is expected to be approximately 5,000 cars, and at the height of the season the Southern will be sending from fifteen to twenty special peach trains out of Atlanta every night .

After lingering for two and a half days Cadet William R Bowlus, of Middletown, Md., who was shot in an alleged hazing escapade at St. Johns' College, Annapolis, Monday night, died yesterday. By the death of Bowlus, the five freshmen now out on ball on a charge of assault with intent to kill are held on the charge of murder. The warrants were changed accordingly. Two of the boys R. Valdez, a Cuban, and George H. Weaver, of New York, were taken late yesterday afternoon and for a time were lodged in the county jail.

Dr. A. M. Low, lecturing to the institute of Automobile Engineers, in London, demonstrated for the first time in public a new apparatus invented by him for seeing by electricity, where it will be possible for persons using the telephone to see each other. Properties of selenium cells and the presistence of vision are said to be principles on which the apparatus depends. It is worked with a current of high frequency at about 50,000 volts pressure. Dr. Low admitted that pictures made by his apparatus were considerably blurred but added: "I am certain the time will come when people will be able to see themselves by wireless. I dare say I will be dead by that time, say 50 years, people sitting in a room in London will be able to witness scenes taking place on the deck of a steamer in mid-Atlantic."

Buckingham palace in London is to be no longer exempt from the window-smashing raids of suffragettes. It leaked out last night that between 11 and 12 o'clock two militants succeeded in evading the sentries outside the palace. Entering the quadrangle they began throwing stones at the windows and had smashed two of them when the sentries seized them and took them to the palace police station, where they gave their names to the police. The master of the royal house refused to prosecute them and they were released after a few hours' detention.

The President yesterday emphatically rejected a suggestion from the manufacturers of the middle west that the administration's antitrust legislative program be reduced. He took issue with the statement that "big business" is hesitating because of the bills pending in Congress. He insisted that there is no material condition or substantial reason why the business of the country should not be in the most prosperous and expanding condition.

Wreckage seen floating in the ocean of Charleston, S. C, is believed by shipping people to be from the steamer F. J. Luckenubach, from Tampa, Fla., May 15, for Baltimore, which is about a week overdue. A revenue cutter is scouring the sea looking for the Luckenbach. The Luckenbach carried a crew of 29 men under Captain A. K. Webb, of New York. Geo. K. Arkbuer, of Baltimore, is chief engineer.

DISASTER IN THE ST. LAWRENCE

Collier Rams and Sinks The Steamer Empress of Ireland This Morning.

870 PERSONS DROWN.

Accident Occurred During Fog Between One and Two O'clock While Passengers Were Asleep.

Father's Point, Quebec, May 29... Eight hundred and seventy men, women and children went to their death in nineteen fathoms of water in the St Lawrence river early this morning when the Canadian Pacific liner, Empress of Ireland, went to the bottom after being rammed by the collier Storstadt.

In a dense fog in the deep darkness that precedes dawn the giant liner was proceeding down the river when the collision occurred.

Almost immediately after the crash of collision, and before the two boats were hardly separated, the Empress took a heavy list to starboard, making the launching of life boats practically an impossibiliy,

The Empress of Irleand went down in ten minutes after collision with the Storstadt, a collier bound for Montreal. The Storstadt is reported not to have sunk, floating although badly damaged.

"S. O. S." calls for aid came from the stricken liner directly after the crash at 1:30 o'clock this morning. Government steamers at once rushed to the rescue.

Among those saved were Captain eKndall, commander of the liner. Whether any of the crew were saved was not known at daylight.

Kendall was picked up out of a life boat after his vessel had sunk beneath his feet.

More than 1,200 souls, passengers and crew were aboard the Princess of of Ireland when the crash came. Among them was a big contingent of Salvation Army members on the way to an international conference in England

Wireless messages to Father Point declared 350 persons were saved by the Canadian government steamers which rushed to the rescue of the Empress.

It is believed that at least seventy besides the 350 on the government steamer were saved, either picked up from the water or taken from life rafts .

Under command of Captain Kendall, who is a lieutenant of the British Royal Naval Reserve, the Empress of Ireland left Quebec at 4:20 yesterday for Liverpool.

The Empress of Ireland was built in 1906. She was a twin screw steamer, 548 feet long, with all modern equipment, including wireless and submarine signalling systems.

The steamer Storstadt Captain Anderson, is a vessel of 3,561 tons register, built for the coal trade, and is capable of carrying 7,000 tons dead weight.

Last reports declare 420 had been rescued by the Evelyn, the Eureka, and the Tourke, the latter also a Canadian government steamer. This would indicate that 1,002 had perished.

Father Point, Quebec, May 29. — With her bow badly smashed in, where she collided with the Empress the Storstadt passed this point, bound up river, shortly after daylight. The collier wirelessed as she passed that she was taking survivors and bodies to port Names of the dead or the number of those lost and saved were not given.

WANT MONUMENT HERE

Shaft in Ivy Hill Cemetery May Be Removed to Cameron and Washington Streets

A movement has been started by the three fire companies of this city for the removal of the monument to the memory of the Alexandria firemen who lost their lives in the discharge of their duty in the fire at the Smith china store, November 17, 1855. The monument is in Ivy Hill cemetery.

Whatever may have been the motives of the fathers of the present generation in placing the shaft in Ivy Hill cemetery, the fact remains that its situation from start to finsh has been unsatisfactory and there are thousands of men and women in Alexandria in this day who are unaware of the fact that such a monument exists.

Comparatively few people visit this cemetery, as it is far removed from the city, and most of the people who at times wend their way to this abode of the dead are owners of lots within the enclosure or have relatives buried there.

The firemen are becoming enthused in the movement they have started, and are anxious to ascertain if the shaft can not be removed from its present isolated position to the intersection of Cameron and Washington streets, or to such other site as might suit the majority interested.

It was urged that the money for the monument was subscribed by Alexandrians, and that it should have been placed in this city when it was constructed.

ATTACKED BY PREACHER

Pleas for Leniency in Police Court But is Fined Five Dollars by Justice Caton

There was some excitement in what is known as Meade's Alley, in the square bounded by Patrick Prince and Duke streets, yesterday evening about 7 o'clock, caused by a row which took place between Jake Jones colored, a local preacher, and Louis Nickins, colored, during which the latter was struck with a stick wielded by the champion of the Gospel.

Officers Rawlett and Talbot put in their appearance, stopped the mill and placed both men under arrest. They were brought before the Police Court this morning, and when Jones took his place in the box he gave the court and the audience specimens of his power in facial expressions which surpassed Sol Smith Russell or Uriah Heap.

He also moved his hands incessantly and shook his head as the testimony was given as though the affair was a matter of trivial interest.

Nicken's wife took the stand and testified that Jones came to her house "full of whiskey" and began to talk to her in an improper manner. She became indignant at this conduct, when Louis Nickins, her husband, who was in an upper room called to Jones to cease his annoyances. Nickins came down stairs subsequently when Jones used his cane upon him. Her testimony was corroborated by a colored woman who accompanied her.

Nickins was loth to make a statement but he testified that Jones struck him with his stick when he took exception to his conduct.

Jones took the stand in his defense and attempted to prove that no fight took place but that he and Nickins were playing. He asked mercy from the court talked glibly of the Occupant of the throne eternal and made other spiritual allusions, none of which however, had any effect upon the court, and he was fined $5. Nickins was dismissed,Jones having nothing with which to pay was locked up.

CARDINALS VS. MARINES.

Strong Game Scheduled For Next Sunday Afternoon.

After their return from a short trip the Cardinals will line up gainst the strong team from the Marine Barracks, Sunday afternoon in the local park at 2:30 P. M.

The Cardinals are now playing the best ball that has been in this city for some time and the present line-up is about as strong as they come, both at fielding and batting. The last two games have proven to be easy for them altho their opponents are rated as first class teams in the District of Columbia. The Marines are members of the Treasury League and are now in second place, due to the pitching of Bayliss, who is anxious to defeat the Cardinals. He will work for the soldier boys, while the probable battery for the Cardinals is likely to be Ittner and Allensworth.

No admission will be charged but a collection will be taken to defray the expense of the visiting team and furnish baseballs used in the game, and, as the Cardinals are playing to please the fans of Alexandria, it is desired that those who attend be as liberal as possible when the hat comes around. Any person who has nothing to give is welcome just the same to all the Cardinal games.

POLICE COURT.

(Justice H. B. Caton, Presiding.)

The following cases were disposed of this morning.

R. B. Wayland, charged with stealing brass from the Washington and Old Dominion Railway Co., was held for the astion of the authorities of Alexandria County.

William Phillips, charged with stealing iron from the same company was sent to jail for three months.

Jake Jones, colored, charged with assaulting Louis Nickens, colored, was fined $5.

Lawrence Cristopher, colored, suspected of robbing room mates, was dismissed.

Blue Serge Suits and Other Fine Outing Clothes

The Blue Serge Suit has a standard value as an outing or summer garment that cannot be discredited or reduced in the slightest degree. We have ready large stocks of fine Blue Serge Suits in many models, a goodly number of which are made expressly for us by Hart, Schaffner & Marx. It is pretty generally conceded that London sets the style; we have the London type and the more conservative also.

$15. to $35. each

Our special $25.00 Blue Serge Suit is a value that far surpasses our best efforts. In former seasons the suit made of this same quality material has been priced at $35.00. The lowering in price is due to change in tariff as the fabric is a fine imported English, the other a modified style.

Hammock Time is Here

The convenience and pleasure to be had from a good hammock in the summer time will prove a revelation to those who have not had the good kind. A poor hammock that has no shape cannot be comfortable nor safe, and there is no pleasure in them.

We would like to show you a hammock that is built for actual use and for continual use. There is the greatest difference in hammocks, as you well know. Let us show you the good one.

ATTACKS UPON THE PRESIDENT.

The leaders of the republican party have been showing their resentment since 1912 when the people of the United States arose en masse and voted them out of power. The disgruntled ones have been nosing around ever since and endeavoring to find weak points in the democratic administration which has done so much in a short time towards bringing about conditions more satisfactory to the rank and file who have been long-suffering during the sway of republicans.

It has been suggested that the appearance of Theodore Roosevelt in Washington at this critical time in the administration of President Wilson is for the purpose of causing the executive embarassment, and now Senator Foraker, one of the many who has long dominated the country, is quoted as saying President Wilson and Secretary Bryan should be impeached for their course in the Mexican incident.

The republicans have for many years assumed that they are the only persons capable of conducting the government under business and diplomatic principles, and whenever they have been called upon to step aside and make room for their successors they never conducted themselves in a friendly manner, but, seemingly, as barriers to those who may be at the head of affairs.

The majority who called Mr. Wilson to his high position have the same perfect confidence in his ability and motives as they had at first, Senator Foraker to the contrary notwithstanding.

ANOTHER MARINE HORROR.

A little over two years ago the White Star Liner Titanic struck an iceberg and sank many miles out in the North Atlantic, and 1,490 people were drowned. Between one and two o'clock this morning while the steamer Empress of Ireland was proceeding down the St. Lawrence river on her way to Liverpool, she was rammed by an English collier and sank ten minutes later. Over eight hundred persons, most of whom were asleep at the time, were drowned before any boats could be launched or virtually anything done to rescue them.

While more persons were lost on the Titanic than in any other ocean disaster that which occured in the St. Lawrence river this morning will come second in fatalities.

During the past ten years there have been many marine horrors.

One of the most distressing was the burning of the General Slocum June 15, 1904. One thousand persons mostly women and children, perished in that disaster.

NEWS OF THE OLD DOMINION

KILLED NEGRO ASSISTANT.

Boy Shoots When His Father is Attacked in Norfolk.

Norfolk, Va., May 29—Claiming that he did in defense of his father, although he did not intend to wound anyone, Vincent Cacace, the 13-year-old son of Vincent Cacace, a stevedore of 1624 Willoughby Ave., shot and killed Eugene Curry, a negro yesterday morning about 7:45 o'clock.

The shooting occurred at the Cacace home and Curry was hurried to St. Vincent's Hospital where he died on the operating table, while young Cacase was arrested by Detective Cruett and locked up in the matron's department at headquarters on a charge of murder.

The killing, it is said, was the result of a row over work in front of Mr. Cace's house and that several negroes were advancing on him with a maul and hatchet, when young Vincent went to his father's rescue.

The boy fired the entire load of shot from a single barrel breech loading gun into Curry's back that made a gaping wound near the spine.

Mr Cacace bears a slight mark on his forehead reported to have been made by a hammer in the hands of one of the men.

OFFICERS EXECUTED.

Rebel General Obregon Returns Sarcastic Reply When Admiral Howard Intercedes.

Nogules, Ariz., May 29.—Thirty-five federal officers captured by the constitutionalists at the city of Pepic were executed May 24, according to a message received here yesterday from Gen. Alvaro Obregon, the constitutionalist commander.

General Obregon's message says Rear Admiral Howard, the American naval commander on the Pacific coast, telegraphed to the German consul at Tepic to intercede for the lives of the federals for the sake of humanity, but Obregon answered that the execution of the officers was necessary to prevent them making trouble in the future.

The federals were taken to the cemetery and shot in squads.

General Obregon's reply to the offer of intercession said:

"When the assasin Huerta murdered Madero the nations hastened to recognize his government, and humanity was forgotten. Now that punishment is about to overtake Huerta and his minions it is no time to cry "Humanity."

The soldiers of the Tepic garrison for whose lives the American admiral also interceded were paroled

TO PALE, THIN PEOPLE.

Druggists, E. S. Leadbeater & Sons, Offer to Pay For Samose if it Does Not Make Thin People Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but their food is not properly digested and does them no good.

Samose, the remarkable flesh-forming food should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation so that when taken for a short time, Nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh, will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that druggists, E S. Leadbeater & Sons, are willing to pay for the treatment if it does not give the desired results. They make this offer generally and want all who are thin, weak out of of health to get a box of Samose from them on those terms.

TUBERCULOSIS

In addition to plenty of fresh air and proper diet, those suffering from or who are predisposed to Tuberculosis are recommended to use Eckman's Alterative to stop night sweats, banish fever and hasten recovery. This medicine, by reason of its successful use during the past, warrants the fullest investigation possible by every sufferer.

Eckman's Alterative is most efficacious in bronchial catarrh and severe throat and lung affections, and in upbuilding the system. It contains no narcotics, nor harmful or habit-forming drugs. Accept no substitutes. Sold by leading druggists. Write to the Eckman Laboratory, Philadelphia, Pa., for booklet telling of recoveries.

VIRGINIA TROOPS READY.

Adjt. General Sale Issues Preliminary Orders to State Troops.

Richmond, Va., May 29—Whether it means anything or not, the fact that orders have been received at the home station of every command in the state to at once pack all military property for immediate shipment has revived talk of the Virginia troops being called to the front.

The orders have just been issued by Adjutant General Sale, and should there be a call for the troops supplies of all sorts would be ready for immediate shipment to the camp for mobilization. The orders direct that the regiment, letter designation, State and location of the command shall be marked on every piece of property shipped.

Virginia has collected the tents, wagons, kitchen outfits and medical supplies and has them ready for service within an hour after the call shall have been issued. These are all stored in the big brick building in the State fair grounds.

TO CHECK DIVORCE EVIL.

Presbyterian General Assembly Declares For Federal Law.

Chicago, May 29—Members of the One Hundred and Twenty-sixth General Assembly of the Presbyterian church in the United States went on record yesterday as favoring a Federal law on divorce by adopting a resolution to that effect.

Another resolution adopted called upon the pastors and churches to take steps to revive family worship in the home with the mother's knee as the children's alter

The report of the special committee on the white slave traffic was adopted with out discussion.

Doubt was expressed in the report of the advisability of teaching sex hygiene in the public schools and parents were urged to inform their children personally of the truths of this life.

An overture seeking to allow women to serve as ruling elders was frowned on by the assembly, which sustained the committee on bills and overtures in its recommendation that no action be taken.

PROGRESSIVE PROGRAM.

Crusade During Fall Outlined by the Party Leaders.

Oyster Bay, N. Y., May 29.—The program of the Progressive Party in the campaign this fall as outlined this far, is understood to be as follows:

First—No almagamation with the Republican party as such.

Second—Fusion tickets in cases in which candidates who accept the policies of the Progressive party are nominated, where the naming of two candidates of this discription would split the liberal vote.

Third—Insistence on policies, rather that party names, and an endeavor to consolidate in every state the voters who approve of the principles of the Progressive party.

Fourth—In New York state, the probable endorsement of the Republican candidate for Governor, provided he is a man personally acceptable to the Progressices, and is willing to approve their platform unequivocally.

While Colonel Roosevelt declined to commit himself publicly last night to this program, it was learned from an excellent source that the Progressive leaders had virtually decided to adopt tentatively the foregoing plan of action.

The Colonel's conference with the Progressive members of Congress in Washington Tuesday, and his series of talks at Sagamore Hill with Progressive leaders from all parts of the country since his return from South America, have resulted in clarifying what was a muddled situation.

Have Right to Unionize.

Richmond, Va., May 29.—That a labor organization has right to unionize the workers in a coal mine in West Virginia provided only peaceful and lawful means were used in effecting the union, was the opinion handed down in the United States circuit court of appeals yesterday. The case in question was that of Jno. Mitchell, former president of the United Mine Workers, et als., appellant, vs. Kitchmand Coal and Coke Company, operating in West Virginia, appealed from the district court at Philippi, W. Va. The lower court held that the labor organization had no right to unionize the men in the mines. The circuit court today reversed that opinion and declared the labor people had the right to organize.

NEGRO IS HELD.

Peter Christian Alleged to Have Attacked Two Women in the City

Richmond, Va., May 29—Peter Christian, a negro, was held for the action of the grand jury to answer two charges of attempted criminal assault. In one case he was accused of attacking Mrs. Ida Woolridge, of 2307 East Franklin street. Mrs. M. M. Moses, of 2901 East Franklin St., was his alleged victim in the other case.

Christian, who lives in the basement of 2307 East Franklin street, is alleged to have burgulariously entered the room of Mrs. Woolridge and to have choked here severely in an effort to prevent her from screaming and summoning aid. He is also alleged to have handled Mrs. Moses very roughly. The date of his alleged offense was May 23rd

Police Sergeant Sherry, of the First District, together with Patrolman "Red" Warriner, succeeded in locating Christian late last night. The man was indentified by both women.

He is a negro of gingerbread complexion, of medium height and build, with a small darkish moustache. He has no criminal record so far as the police know.

GAMBLERS TO PAY $500.

Governor Stuart Will Issue Pardons Reljeve Bookmakers of The Jail Term.

Portsmouth, Va., May 29—Eleven defendants to charges of bookmaking at the Jamestown race track, and aiding in the making of books on April 7th, when the betting ring was raided by Baldwin-Felts Detectives yesterday pleaded guilty in the Circuit Court of Norfolk county and were each fined $500 and sent to jail for six months. It was understood that Governor Stuart was to pardon the bookmakers so far as the jail term is concerned The guilty plea of the bookmakers today brings to an end the cases which have been under trial for the last week resulting in one conviction and two mistrials.

YOU'LL CROW OVER 'GETS-IT" FOR CORNS. !

It Will Startle You How "GETS-IT" Gets Corns Every Time.

"One, two, three!" That's about as long as it takes you to apply "GETS-IT" the new plan, simplest, surest corn cure the world has ever seen.

"This Is No Place For a Crow. Her Corns Are All Gone. She Must Have Used 'GETS-IT.'"

Corn fussing is all over. Corns, corn pains and calluses are absolutely done for, from the minute you apply "GETS-IT". Forget the bother of useless plasters, greasy salves that spread and make toes sore and raw, little doughnut cotton rings that press on corns, forget knives, razors, scissors, and the dangers of blood poison from drawing blood and the contraptions and harness that simply make corns worse. "GETS-IT" never hurts the flesh, never fails.

"GETS-IT" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

J-M ASBESTOS SHINGLES
THE ROOF THAT LASTS FOR YEARS.

The durability and water-proof qualities of your roof, together with its ability to withstand high winds when properly applied, are very important factors in every home or other building.

The J-M Asbestos Shingles are fire proof, weather proof and, when properly applied, will withstand the action of the elements and prove a satisfactory roof covering indefinitely.

They are made by moulding pure asbestos fibres and Portland cement into a solid, compact mass under hydraulic pressure.

They never require paint.

They are used in a great many of the finest buildings being constructed today all over the world.

We are the sole agents through this section and will be glad to give you detailed information and prices at any time.
